

WORKFORCE DEVELOPMENT

HEALTHCARE TRAINING

COMMUNITY HEALTH WORKER (CHW)

Help Bridge the Gap Between Health, Social Services, and the Community.

This certification training equips students with the essential knowledge, skills, and resources to serve our community effectively. CHWs promote equitable access to health and social services, addressing diverse community health needs. CHWs have fulfilling and versatile roles, engaging in:

- Outreach
- Community education
- Informal counseling
- Social support
- Advocacy

A CAREER IN HEALTHCARE

- Develop Essential Skills: Personal, professional, and workplace skills for today's healthcare industry.
- Understanding of healthcare systems, structure, laws, ethics, and economics.
- Patient care skills, including CDC guidelines for PPE and infection control.
- Hands-On Learning: Practice patient care skills in our health education laboratories.

REAL STUDENTS: SHAWN GRAHAM

"The community health worker program was fantastic! It was comprehensive and well-taught, with engaging instructors who were always available for questions and concerns. These healthcare professionals enriched the lessons with real-life examples, making the material come alive. I am incredibly grateful for the opportunity to participate and now feel fully prepared to begin my new career. This program is a must for anyone looking to enter the community health worker field!"

FINANCIAL AID

CSM offers a wide variety of scholarship and financial aid opportunities to help keep education affordable
